

## **CPR Professionals Price List**

***BLS Healthcare Provider*** \$85.00

(This course is designed to teach the skills of CPR of all ages for medical professionals that have not been previously certified or are expired.)

***BLS Healthcare Provider Renewal*** \$75.00 Skills only \$55.00 (Online course required)

(This course is a renewal for the above)

***Heartsaver CPR/AED*** \$60.00

(This course is designed for CPR certification in the workplace that is non-medical. Our AED training is always provided at no cost. We also sell Phillips AED's.)

***Heartsaver CPR/AED Renewal*** \$50.00

(This course is a renewal for the above)

***Heartsaver First Aid*** \$40.00

(This course is generally designed for persons already current in CPR that need First Aid. A pediatric option is also available. We also sell customized first aid kits)

***CPR for Family & Friends*** \$30.00

(This course is designed for family and friends that will use the CPR training in places other than a workplace and do not need an AHA certification. Barrier devices are not covered in this course. Large groups are common for this course, such as a community or church group.)

***Bloodborne Pathogen*** \$150 for up to 10 participants, including books

***Company Consulting*** \$100 per hour

We offer consulting after a cpr/first aid incident to allow a neutral person to review protocols or how employees responded to an emergency. You can also provide random drills under this service.

\*\*Prices above are for groups of 3 or more and include appropriate manuals and masks/barriers when necessary. **Under 3 participant's prices are BLS \$115, Heartsaver CPR \$90, and First Aid \$70 per person.** Additional group rates range from 10-35% off the prices above.

We are open to additional training needs that may be required! Just let us know how we can help. Have a healthy and safe day,
